# SCHOOL

## Safely there and back

A handout for them Parents of the  
Westheimer Egge-Diemel-School

POWERED BY

**Area**  
**Waldecker Straße - An der Mühle**

The crossing area is immediately behind a curve that is extremely difficult to see.

**Area**  
**Belgradstraße - Kasseler Straße**

The point at the junction with Kasseler Straße is only partially visible in the direction of Scherfede

**Area**  
**Hoppenberg - Schöne Aussicht**

Particularly narrow sidewalk on both sides and at the same time very confusing

**Dear parents of the Egge-Diemel School,**

We would be happy to give you our school route plan. This plan is intended to help you choose and train a safe route to school together with your child.

- What you will find on the map:
- Safe footpaths
  - Suitable crossing points ("Yellow Feet")
  - Information about potential danger areas

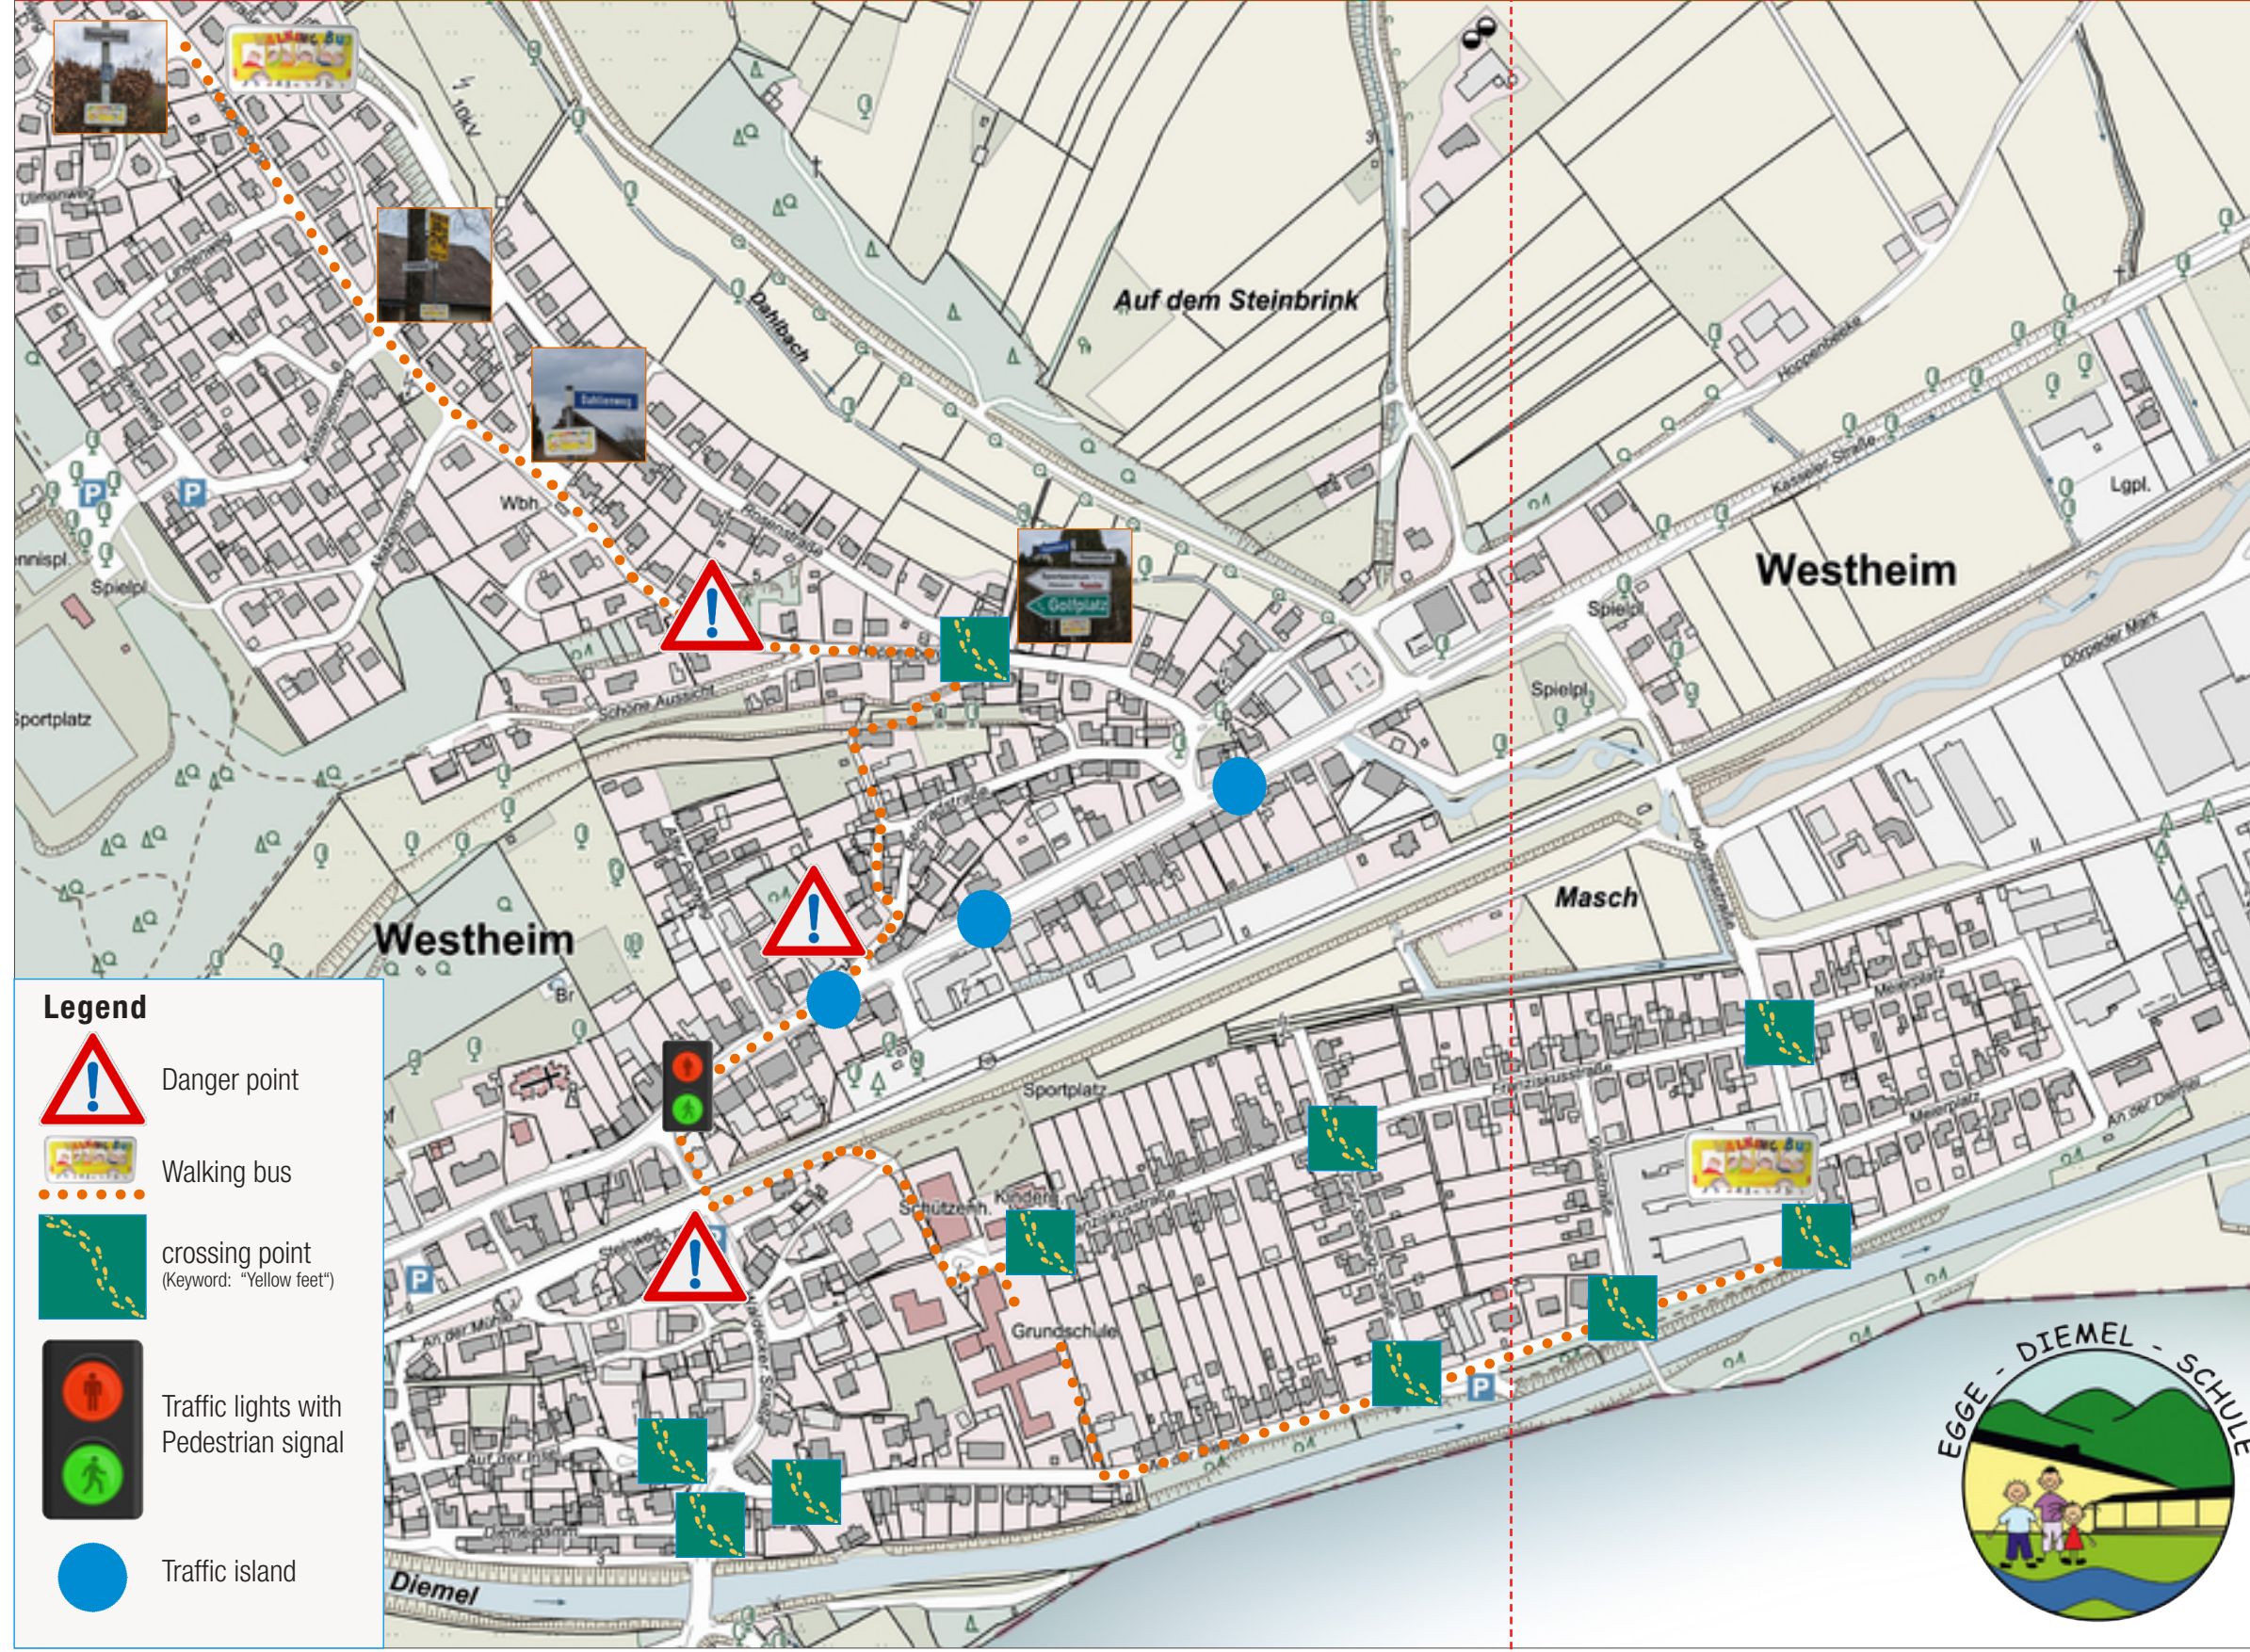

It is important that you practice going to school together with your child and that you practice proper behavior in traffic intensively before they start school. As parents, you are role models; please always choose the safe route, even if it may be a small detour, because the shortest route is not always the safest. Small detours can offer a big gain in security.

We would like to ask you not to bring your child to school by car. If there is no other option, please let them get out at a distance or accompany them on foot for at least a part of the journey. In this way, we reduce car traffic in front of school and enable your child to gain important experience in road traffic.

It is recommended that your child goes to school accompanied if possible. To do this, use our WalkingBus. Together with the police, the city and you as parents, our goal is to make the journey to school as safe as possible for your child so that they can manage it independently.

We strive to keep the school route plan up to date and welcome your suggestions.

Best regards  
*Anja Rücker-Fahle*  
Anja Rücker - Fahle  
Headmistress of Westheimer  
Egge-Diemel-School
